

Declaration of RoHS and WEEE Conformity

EU Restriction of Hazardous Substances (RoHS) Directive & Waste Electrical and Electronic Equipment (WEEE) Directive

November 2016

This declaration certifies that Detoronics complies with The Restriction of use of certain Hazardous Substances (RoHS) per Directive 2002/95/EC, Directive 2011/65/EU and EU2015/863. These directives state that some types of consumer electronic products such as personal computers, cell phones, toys, etc. as well as medical equipment shall not contain “hazardous substances” specified in the Directive. Detoronics does not manufacture products of this type.

Exemptions regarding certain applications: Detoronics does offer special order RoHS exempt products specifically intended for use in defense, military, aerospace, and other governmental programs or specifications.

This declaration is based on available information sources from material suppliers, where available. Restricted substances are not knowingly present in the supplied materials, except as adventitious trace impurities or known Directive exemptions.

Detoronics does not design, manufacture or sell products subject to the WEEE directive.

For further questions about RoHS and WEEE, please contact Detoronics directly.
